Acknowledgements

We are grateful to our focus group participants for their time and expertise and to Erin O'Reilly and Strategic Earth Consulting for focus group support. Study collaboration and funding were provided by the U.S. Department of the Interior, Bureau of Ocean Energy Management, Environmental Studies Program, Washington, D.C., under Agreement Number M23AC00007-00. The views and conclusions contained in this document are those of the authors and should not be interpreted as representing the opinions or policies of the U. S. Government. Mention of trade names or commercial products does not constitute their endorsement of the U. S. Government.

Declaration of competing interests

Donna Schroeder works for the Bureau of Ocean Energy Development (BOEM), the U.S. federal agency that permits and regulates ocean energy projects in federal waters. Ellen Willis-Norton also worked for BOEM while this work was being conducted.
